

**Product Number: 834**

**Product Name: Denatured Alcohol**

## **USE AND SAFETY INFORMATION**

**Safety Note:** (1) Alcohol and its vapors are very flammable and burn with a virtually invisible flame; do not fill any alcohol burning device while ignited or hot. (2) Do not use in kerosene or oil burning devices, such as oil lamps, patio torches, or log lighters; a fire or explosion could result. Carefully read and follow all cautions on this label before using.

**DIRECTIONS FOR USE AS A FUEL:** Use only in appliances designed to burn liquid alcohol. Fondue and chafing dish burners must be wick or absorbent material type only. Always use a flame snuffer and be sure flame is out before filling burner. Small burners should be carefully filled over a sink, away from any flame or heat. Do not overfill. If burner is overfilled, pour off excess alcohol into sink. Immediately clean up spilled or excess alcohol. Close container and replace burner in stand before igniting burner. When filling an alcohol stove, use a funnel and close fuel tank and can before igniting stove.

**CAUTIONS:** CONTAINS METHANOL AND DENATURED ALCOHOL. Cannot be made non-poisonous. Keep away from heat, sparks and flame. Vapors are given off rapidly during use and may ignite explosively. Vapors are heavier than air and may travel long distances to other rooms or lower areas. DO NOT use in confined areas such as basements or bathrooms. Open all doors and windows to provide plenty of fresh air cross ventilation equal to outdoor conditions. DO NOT smoke. Extinguish all flames and pilot lights, and turn off stoves, heaters, electric motors and other sources of ignition during use and until all vapors are gone. Vapors may linger for 30 minutes or more after use. If you smell Alcohol, vapors are still present. Do not turn ignition sources on or relight pilot lights until certain that all vapors are gone. Avoid rubbing; friction may cause static electric sparks which may ignite vapors. Do not attempt to start or re-ignite charcoal, wood or any other fire with this product. An explosive fire may result or fire may flash back into the can and explode. For disposal guidance of unused product, contact a household hazardous waste program, or your local or state government environmental control agency. Do not transfer contents to unlabeled containers. Close container after each use.

**Health Hazards:** Vapor harmful. May affect the brain or nervous system causing dizziness, headache or nausea. Causes eye, skin, nose and throat irritation. Avoid breathing vapor or spray mist. If you experience eye watering, headaches, dizziness or have difficulty breathing, increase fresh air or wear respiratory protection (NIOSH approved) or leave the area to obtain fresh air. Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. Protect eyes with chemical splash goggles and avoid prolonged skin contact.

**WARNING:** THIS PRODUCT CONTAINS CHEMICALS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE CANCER AND BIRTH DEFECTS, OR OTHER REPRODUCTIVE HARM.

**First Aid:** If swallowed, DO NOT induce vomiting. GET IMMEDIATE MEDICAL ATTENTION! Call physician or hospital emergency room or poison control center immediately. In case of eye contact, flush thoroughly with water for at least 15 minutes. Get medical attention. For skin contact, wash thoroughly for at least 15 minutes. Get medical attention if irritation persists. If you experience difficulty in breathing, leave the area to obtain fresh air. If continued difficulty is experienced, get medical attention.

Use only with adequate ventilation.

**KEEP OUT OF REACH OF CHILDREN.**
